

Record 5 - Fairview Orthopedic Surgery Center - Physical Therapy Note

****Date of Service:**** 01/19/2025

****Provider:**** J. Marsh, PT

Patient attending outpatient PT, POD#13. Working on ROM and strengthening. Patient reports she has "been short of breath for about the last week," worse with exertion, and that her right calf "still feels tight and achy." Advised patient to follow up with her physician regarding the shortness of breath. Continued today's session as tolerated; patient fatigued more quickly than prior visits.
